time. I've gotten traffic tickets, never asked them to give me a warning ticket, never asked them not to give me the ticket, never gave them any difficulty. I would like to maintain that relationship. But I feel somewhat foolish to be getting along so well with these individuals, and then when a group, such as the kind came down here, they are insulted and there I am being smiled at to my face and in a sense knifed in the back. In view of the body's apparent willingness to agree to the lay over, so that this thing can be resolved, I would like to see it finished today, and I think it can be. In order that nobody has to put a vote on the board that might be misunderstood, I would ask to withdraw the motion and just ask unanimous consent to lay it over. Those are all signed by Senator Chizek, Mr. President. (See page 523 of the Legislative Journal.)

That is all that I have at this time, Mr. President.

SPEAKER BARRETT: Thank you. I would suggest then that we proceed to Item 9 on the agenda, legislative resolutions. I would like to also suggest that at the conclusion of the resolutions, time permitting, we shall return to an A bill which was passed over earlier, 284A. And Senator Johnson has asked permission to reconsider LB 229, time permitting, so ordered. Dr. Dierks, please, on LR 29.

SENATOR DIERKS: Mr. Speaker and members of the Legislature, I ask your support for LR 29. LR 29 provides for use of surplus corn and reduction of storage costs. It provides for an
